Hi Valerie,

Great seeing you in the sunny, HOT Southwest! We want to get down to Richmond as well. Maybe after Labor Day when all are likely to be around. Let me know your thoughts.

Attached is our revised proposal for MARL/02/03. I have added a few days more, just to be sure we do not have to do this again. There is a summary of changes on page 14. Let me know if this meets with your approval.

Best regards,

Bernie
